

# IMPORANT PRODUCT SAFETY RECALL NOTICE

**PRODUCT:** Certain batches of the Nutramigen LGG Stage 1 and stage 2 as set out in this notice

At Reckitt, we are committed to the highest level of quality and safety, and the health and safety of infants is our highest priority. As a precaution we are recalling the batches of the Nutramigen LGG Stage 1 and stage 2 set out in this notice due to an isolated overseas sample of the product testing positive for *Cronobacter sakazakii*, whilst we continue to conduct a thorough investigation. In the meantime please do not use the batches of the products below and return them to the pharmacy that dispensed them to you.

The products being recalled are:

<b>Regulatory Batch Code</b>	<b>Description</b>	<b>Expiry Date</b>
<b>ZL3F7D</b>	<b>Nutramigen LGG Stage 1, 400 g</b>	<b>1<sup>st</sup> July 2025</b>
<b>ZL3FAA</b>	<b>Nutramigen LGG Stage 2, 400 g</b>	<b>1<sup>st</sup> July 2025</b>
<b>ZL3FDM</b>	<b>Nutramigen LGG Stage 2, 400 g</b>	<b>1<sup>st</sup> July 2025</b>

We can confirm that no other batches of Nutramigen LGG Stage 1 and stage 2 are affected, and these remain safe to use. We can also confirm that no other Nutramigen products in the range are affected.

If you have the product listed above (please note the batch numbers) please return it to the pharmacy that dispensed it to you or if you require any further assistance or information, please contact our consumer relations line. Your statutory rights are not affected.
